

23rd ConVRgence - VRIC - Laval Virtual 2021

Laval, France, July 7-9, 2021

> ConVRgence - VRIC, Virtual Reality International Conference

The annual ConVRgence (VRIC) - Laval Virtual International scientific Conference - is a global forum for researchers to discuss and exchange ideas, methods and results on XR technologies (Virtual Reality, Augmented Reality, Mixed Reality). The scope of the conference covers a variety of topics ranging from fundamental research to industrial applications.

Registration is free for presenters. You will also receive a full access pass to visit the [Laval Virtual exhibition](#). Best papers will be directly published in the [International Journal of Virtual Reality](#) before the conference. Proceedings will be published in a [special issue](#) of [International Journal of Virtual Reality](#) (IJVR). [Submit a paper](#) before April 11, 2021.

> Topics

Papers may come from any area of XR. ConVRgence - VRIC 2021 seeks contributions addressing at least one of the following **3 topics**:

- **Human Centered Experiences:** Avatars, agents, collaboration, immersive storytelling, presence, social-presence, co-presence, embodiment, engagement, flow, virtual beings, etc.
- **Perception & Cognition:** Creativity, data visualization, education, ideation, learning, therapy and rehabilitation, training, etc.
- **Interaction:** 3DUI, BCI, interaction metaphors, VR/AR/MR technology and devices, haptic, locomotion, multimodal interactions, navigation, teleoperation, tracking, etc.

We encourage submissions related to these topics covering all domains and use cases, such as industry, training, health, entertainment, art, education, etc.

> Submission format

- Full research paper: 7-10 pages including references.
- Short paper: 4 pages including references.
- Poster: 2 pages including references.

Every submission must be formatted using the [IJVR author guidelines](#).

[Link](#) to submit a paper : <https://easychair.org/conferences/?conf=vrlic2021>

> Paper Submission Deadline: April 11, 2021

Decision notification and reviews sent to authors: June 6, 2021

Camera-ready papers due: June 20, 2021

> Venue

The conference will be held in Laval (France) during [Laval Virtual](#) international gathering on 2021, July 7-9. (We plan to hold the conference in Laval, but we will set up an alternative remote solution if necessary, within Laval Virtual World.)
