

LAVAL VIRTUAL WORLD

Installation Guide

FOLLOW A FEW SIMPLE STEPS TO START WITH THE LAVAL VIRTUAL WORLD

- 1** Download the app using the dedicated button on our website and start the installation process. It can take up to 10 minutes.
- 2** Launch the app and create your account. Please use the same email address with which you registered for the event.

- 3** Customize your avatar and join our Virtual World!

i The app only works on Mac and PC. It is not compatible with tablets, smartphones, Chromebooks or Linux computers.

A professional corporate network may require specific configurations, if you are on your professional computer & have trouble connecting, please contact your company's IT department.
